**100% of our children have been superstars this week!**

It has been great to see the children again! We are so looking forward to this academic year as we have an opportunity to expand the curriculum to meet the needs of the children even further.

However, please be mindful that there is still the threat of Coronavirus and its impact on us all.

If you have any symptoms, or your child, please stay at home and take a test. Once your child has a PCR test and is negative, they can return to school and do not have to isolate with you.
